

Key ingredient list

Complete Care – Our most advanced, one step treatment product contains pharmaceutical grade ingredients proven to support and stimulate healthy functioning of the skin for skin that looks and acts younger. Key ingredients include Glycolic Acid and Azelaic Acid for exfoliation; Retinol, Vitamin C and Azelaic Acid for pigment control; and a powerful blend of anti-oxidants including Green Tea and Coffeeberry extract.

Normal/Dry Formula – 10% Vitamin C, 10% Glycolic Acid, 2% Azelaic Acid

Oily Skin Formula – Same as above plus Salicylic Acid for stronger exfoliation

Acne Prone Formula – Same as above plus Benzoyl Peroxide to control bacterial growth

Vitamin C 20% Gel – Contains the highest standard of Vitamin C. **Tetrahexyldecyl Ascorbate** is a very stable, oil-soluble **Vitamin C Ester** which has anti-oxidant activity, inhibiting lipid peroxidation. Topical use can mitigate the damaging effects of UV exposure. Studies have shown it to stimulate collagen production as well as clarifying and brightening the skin by inhibiting melanogenesis (the production of pigment) thereby promoting a more even skin tone. Unlike ascorbic acid, it will not exfoliate or irritate the skin.

Bleaching Cream Rx – Promotes the correction at the cellular level of uneven skin tone and lightens age spots, freckles and scars. The multi-action synergistic properties of **4% Hydroquinone, Kojic Acid, Azelaic Acid, Arbutin and Licorice Extract** combine to exfoliate, bleach and inhibit hyper pigmentation and age spots. Because this product contains both chemical and natural skin brighteners, it works at suppressing melanocytes from both directions. This cream will also help to retexture the skin, reduce fine lines and wrinkles and dramatically improve skin clarity.

Hydroquinone 4%; Azelaic acid 6%; Kojic acid 2.5%; Arbutin .05%; Licorice root extract .25%

Clear HQ Free Skin Brightener – Promotes the correction of uneven skin tone, age spots and scars. It contains key ingredients such as: **Retinol, Kojic Acid, Azelaic Acid, Licorice Extract** and **Alpha Arbutin**. **Retinol** assists in creating stronger, healthier skin cells and stimulates collagen production, increasing elasticity. **Kojic Acid** is used for the treatment of pigment problems and age spots and has a similar effect such as hydroquinone. **Azelaic Acid** aids in reducing pigmentation, helps with acne and is antibacterial, reducing inflammation. **Licorice Extract** is effective in reducing redness and treating atopic dermatitis. **Alpha Arbutin** is a pure, water soluble, biosynthetic active that is effective in promoting skin brightening and even skin tone.

Retinol 1.5%; Kojic acid 1.5%; Azelaic acid .20%; Licorice root .35%; Arbutin .10%

SPF 55 Sun Protection – SPF 55 provides a high level of protection from both UVA and UVB rays. It is oil-free, water resistant and leaves skin with a smooth feel. Micro encapsulation of active ingredients provides a consistent delivery system. Aloe, Green Tea and Vitamin E soothe and nourish the skin while nano-pigments scatter 98% of UV light.

Octinoxate 7.5%; Titanium Dioxide 4%

Cleanser for All Skin Types – This cleanser contains several key ingredients including: **Azelaic Acid** which helps with free radicals, antibacterial, and reduces inflammation; **Willow Bark**, which stimulates new skin cell formation by helping slough off old skin and increase circulation; **Apple, Lemon and Sugarcane**, which are botanical extracts that aid in exfoliation and cell renewal. ***This cleanser contains no sulfates or parabens.***

Moisturizer – Formulated with an exclusive selection of natural extracts and oils which include **Aloe Vera Leaf Juice** and **Squalane** to hydrate and nourish the skin. Excellent for mature, dry skin.

Advanced Firming Lotion – Contains **Matrixyl 3000**, which stimulates collagen synthesis and dermal matrix repair to reduce the appearance of wrinkles and promotes significant improvements in elasticity and tone. It also contains **Argireline**, which relaxes facial tension, leading to a reduction in superficial facial lines and wrinkles. **Osilift** strongly and durably adheres to the skin to form a continuous and cohesive lifting effect. **Osilift** has an anti-wrinkle action, and improves the hold of make-up.

Revitalizing Eye Cream – Our new, improved formula with **Eyeseryl, Haloxyl and Syn-Coll**, is clinically proven to reduce puffy eyes, decrease the appearance of wrinkles and help lighten dark under eye circles. It's also enriched with vitamins and antioxidants for healthier, younger looking skin in the delicate eye area.

Eyeseryl 5%; Syn-Coll 2.5%; Haloxyl 5%

Ultra A Professional Cream – A **0.1% Retinoin Cream** that also contains **10% Vitamin C** and **2% Vitamin E**. **Retinoin** is the acidic form of Vitamin A, which works to resurface and treat acne prone skin. Excellent for treating wrinkles and sun damaged skin. It works by repairing damage to the deep layers of the skin, restoring elasticity by enhancing the production of collagen and elastin. The **Vitamin C** is an antioxidant that has been proven to increase collagen synthesis, which is essential to maintaining healthy skin.

Retinoin 0.1%; Vitamin C 10%; Vitamin E 2%

Body Wash with 15% Glycolic Acid & Azelaic Acid – This luxurious wash is designed to deeply cleanse and exfoliate dry, rough skin. The **Glycolic Acid** accelerates the lightening process and ensures optimal penetration of corrective treatment products. The **Azelaic Acid** has antibacterial properties and helps reduce inflammation.

Glycolic Acid 15%; Azelaic acid 2%

Exfoliating Body Lotion with 15% Glycolic Acid & Retinol – This lotion penetrates deep into the skin to increase collagen formation and new skin cell production. It also contains **Retinol** which works in conjunction with the **Glycolic Acid** to remove the outer layers of thickened and damaged skin, leaving skin smoother and firmer over time.

Glycolic Acid 15%; Azelaic acid 2%
