

WE ARE
PROUD TO ANNOUNCE
THE ARRIVAL OF OUR NEWLY FORMULATED SUNSCREEN
VI DERM SPF 55

VI MEDICAL CONTINUES TO RAISE THE STANDARD OF MEDICAL SKINCARE

The VI Derm Advanced Skincare System is specifically designed to effectively correct, protect and nourish the skin. Our system offers extraordinary benefits and delivers maximum results to your clients!

VI Derm SPF 55 combines modern nano-technology with natural Aloe and Green Tea to deliver hypoallergenic protection from the sun, with greater UV blocking efficiency than other commercially available products.

BENEFITS:

- Nano-pigments scatter 98% of UV light.
- Broad-spectrum protection guards against wrinkle causing UVA rays.
- Green tea contains polyphenols and caffeine which have been shown to have antioxidant properties that reduce skin damage.

ACTIVE INGREDIENTS:

- Octinoxate 7.5%,
- Titanium Dioxide 4%
- Aloe, green tea and vitamin e to soothe and nourish the skin while providing maximum UV protection.

DIRECTIONS:

- Apply a dime size amount to the face and neck in the morning and during the day, as needed.
- Sunscreen may be applied directly to cleansed skin or over moisturizer.

Our VI Peel post care kits include a 1 oz. tube of VI Derm SPF 55 and will be available in a 2 oz size for continued use.

Limiting your sun exposure and using sunscreen is an important part of a daily skincare regimen.

VI Derm SPF 55 provides superior UVA/UVB protection and helps to reduce the risks of skin aging, skin cancer and other harmful effects of the sun.
